SUMMARY

Project management professional with hands-on experience coordinating and supporting end-to-end project delivery across technical and engineering environments. Skilled in schedule development, earned value management (EVM), cost forecasting, and KPI reporting across multiple concurrent projects. Combines strong project coordination methodology with data analytics to drive on-time, on-budget delivery. Proficient in Microsoft Project, Microsoft Teams, Salesforce, Primavera P6, and the full Microsoft Office Suite.

SKILLS

- **Project Controls:** Schedule development, WBS, CPM, EVM, milestone tracking, task tracking, variance analysis, risk registers, forecasting, project documentation
- **Tools & Platforms:** Microsoft Project, Microsoft Teams, Salesforce, Primavera P6, Jira, Git/GitHub
- **Data & Reporting:** Excel, Power BI, Tableau, PowerPoint, KPI dashboards, performance reporting
- **Professional Strengths:** Stakeholder communication, cross-functional collaboration, issue resolution, process improvement

EXPERIENCE

Quantum Pulse Consulting

May 2025 - Aug 2025

Project Manager Intern

Detroit, MI

- Coordinated project tasks, timelines, and deliverables to ensure alignment with scope, schedule, and stakeholder expectations
- Developed and maintained project schedules and milestone trackers across 3–5 concurrent engineering projects
- Built Excel and Tableau dashboards tracking 20+ KPIs including schedule performance indicators and delivery timelines
- Analyzed task dependencies and critical paths to identify schedule risks and support on-time project delivery
- Prepared weekly schedule status reports and stakeholder progress updates for senior project managers

ColomboAI

May 2024 - Aug 2024

Project Manager Intern

San Jose, CA

- Coordinated project schedules, milestones, and deliverables across 4+ active client projects
- Maintained risk logs, issue trackers, and schedule updates to ensure alignment between engineering and business teams
- Facilitated cross-functional collaboration to collect status updates and integrate inputs into project tracking tools
- Assisted with resource planning, task prioritization, and timeline management to maintain delivery schedules
- Maintained project documentation including schedules, status reports, and meeting notes

T-Mobile

Jan 2023 - Present

Senior Sales Associate

Toledo, OH

- Coordinated daily team operations, task priorities, and customer workflows in a high-volume environment
- Resolved customer and operational issues under tight deadlines, ensuring service continuity and customer satisfaction
- Translated complex product and service information into clear, tailored messaging for diverse customer needs
